

JSHA Membership Report for 2019

Currently we have **266** paid up members
and **24** organizations
for a total of **290**

We have received a total of **\$8,191** in contributions
towards continued research and the annual gathering.

2018 - our total paid membership was **303**.

We have a continued slow decrease in membership
with the most common reasons being death, age and
the economy.

With the increasing age of our membership, death
and medical issues are causing the loss of members at
a faster rate than our gaining new members.
