KAFFEEKLATSCH

Come to the stage immediately following this afternoon's program to enjoy desserts and beverages with your friends, relatives, and our visitors. This enjoyable tradition started when a group of Germans from the Schwalm Valley visited Valley View for the first time in 1992.

FLOWERS

The flowers on the stage honor the memory of our family members and friends who have passed on during the past year.

PRESERVING OUR HERITAGE

We would love to scan your photos as advertised in the mailings. Also, please jot down some stories that you recall of your family, whether it is this generation or past generations. We will try to record some of your memories today using a digital tape recorder.

MEANDERING MUSICIANS

We welcome the German Egerlander Band today. They will be playing for your enjoyment as well as playing at the beginning of the Annual Meeting business meeting. They are under the direction of Jim Messner. They will have CD's available for purchase.

In addition, we thank Christopher Viereck from Canada for providing music from the 60's and 70's. We hope that you enjoy the music of our artists today. Take a moment to let them know which one was your favorite!
